

From Left: John Barnes - District 9810 Governor, Mark Chatfield - General Sales and Marketing Manager, Probiotec Ltd and Ian Riseley - Immediate Past Rotary International Treasurer

Probiotec works with Rotary to fight polio

As you all know Rotary International recently received US\$100 million from the Bill and Melinda Gates Foundation to assist in the work to eradicate polio.

The challenge to Rotarians is to match that figure!

Probiotec Ltd – the manufacturers of Biosource, Slimm, Skin Basics & Celebrity Slim – has

offered Rotary Australia-wide a wonderful initiative to help meet this goal. In an agreement with Rotary District 9810 **all** members of Rotary, Probus and Inner Wheel Clubs plus friends and, indeed, any person who wishes to support this worthy cause can purchase Probiotec products via phone, fax or online and in return **Probiotec Ltd will donate 10% of the retail price excluding GST to the Rotary Polio Eradication program!**

So order Probiotec products from this catalogue and support the Rotary Polio Eradication program. You will not only improve your own health and wellbeing, but also help Rotary meet its promise to the children of the world by eliminating polio.

PROBIOTEC AND ROTARIANS Working together to eradicate polio
